Ingredients

Egg White, Triethyl Citrate (whipping agent)
Products 3125 and 3161 do not contain TC

Description

Pasteurized liquid albumen (or egg white) is prepared from chicken eggs. Eggs are washed and sanitized prior to being broken. The albumen is separated from the yolk and pasteurized to maintain product quality and integrity.

Properties

Pasteurized liquid albumen is a healthy alternative to breaking individual eggs. This product is a cost effective and versatile ingredient suitable for use in a wide variety of food applications.

Application

Liquid albumen is suitable to use in cakes, meringues, noodles as an extender for whole egg, and other uses where egg whites are needed.

Lot Coding

The product lot is generated based on the date the product is produced and expressed in the format: DDMMY (e.g. 30090 for 30 September 2010).

Storage Conditions

Liquid: Product must be kept refrigerated at 1-4°C (33-40°F). Use product promptly after opening.

Frozen: Product must be kept frozen at -18°C ±5°C (0°F ±9°F). Product for thawing should be stored under refrigeration at 1-4°C (33-40°F) with a minimum of 3 days required for thawing.

Shelf Life

Liquid: Shelf-life is 28 days when stored unopened at the recommended temperature. After opening, keep refrigerated at 1-4°C (33-40°F) and use promptly.

Frozen: Shelf-life is 1 year when stored unopened at the recommended temperature. After thawing store under refrigeration at 1-4°C (33-40°F) and use the product within 7 days.

Certifications

Liquid Albumen is
Kosher Dairy certified.
